Client-focused IT Operation Support Specialist with a degree in Computer Engineering from Politeknik Negeri Jember and MTCNA certification. Proven expertise in end-user hardware troubleshooting, remote diagnostic support, Wi-Fi Access Point/LAN administration, and software provisioning. Experienced in managing fast-paced ticketing queues, IT asset tracking, and delivering clear, empathetic technical assistance to corporate and remote business users.

Core Competencies

- **IT Helpdesk & Remote Diagnostics**: First-contact resolution, remote troubleshooting tools (AnyDesk/TeamViewer/RDP), ticketing workflows, SLA compliance, and incident logging.
- **Hardware Diagnostics & Repair**: PC/laptop maintenance, component replacement, OS installation (Windows 10/11, Linux), driver configuration, and peripheral troubleshooting.
- **Office Networking & Wi-Fi Administration**: Access Point configuration, MikroTik RouterOS, DHCP/DNS setup, LAN cabling, and Wi-Fi performance optimization.
- **Asset Tracking & Productivity Tools**: IT asset stock management, software license administration, Microsoft Office 2016 (Certified), and cross-departmental user communication.

Professional Experience
