Proactive and detail-oriented IT Support Specialist holding a Computer Engineering degree from Politeknik Negeri Jember with comprehensive experience in cross-platform OS administration (Windows and Linux), end-user hardware troubleshooting, and enterprise network connectivity. Experienced in resolving complex technical incidents under tight service-level agreements and delivering communicative first- and second-line IT support for local and distributed enterprise teams.

Core Competencies

- **Operating Systems & Administration**: Windows 10/11, Linux (Debian, Ubuntu, Arch Linux), User Account Management, basic IAM concepts, and Microsoft 365 environment administration.
- **Hardware & Technical Support**: PC/laptop diagnostics and component repair, printer/peripheral setup, meeting room A/V infrastructure, ticketing workflows, and IT asset inventory tracking.
- **Networking & Diagnostics**: TCP/IP troubleshooting, MikroTik RouterOS, Wi-Fi access point configuration, subnetting, DNS/DHCP administration, and remote support tools.
- **Professional Communication**: Bilingual fluency in Indonesian (Native) and English (Professional Working Proficiency) for cross-border collaboration and clear technical documentation.

Professional Experience

MyRepublic — **Jember, Indonesia**
Account Executive (AE) — *Jan 2024 – Jun 2024*
- Provided direct client technical consultation, surveying network requirements and explaining broadband specifications.
- Collaborated with field engineering teams to resolve technical setup roadblocks and guarantee smooth user onboarding.
- Maintained detailed client accounts, documentation, and service satisfaction tracking.
